

How to get a refund of the amount of the loan obtained for the acquisition of the boiler using any fuels and energy (except natural gas) Six simple steps:

STEP 1: Select the boiler at shop.

Step 2: Provide documents to the banking institution for the loan.

STEP 3: Get consent from the bank for a loan.

Step 4: Pay the down payment of 10% of the cost of the boiler and give the bank the relevant supporting documents.

STEP 5: Get a loan to the bank and provide proof of purchase of the boiler.

STEP 6: Get listed from Gosenergoeffektivnost' (?) compensation to your current account opened in the bank.
